Dear ERP Officer:

As the public comment period was extended, I am enclosing a more accurate representation of my oral testimony given on November 9, 1989 at Front Range Community College for the 881 Hillside IRA hearing.

I submitted a written copy at the hearing, but failed to reference a report referred to in my oral testimony along with a chart referencing elevated readings during barrel remediation activities. I would appreciate it very much if you could substitute this more accurate copy for my written comments previously submitted.

I would also be interested in receiving a copy of the transcripts that result from the public comment period and hearing when it is completed. Several should also be sent to the Rocky Flats Cleanup Commission (EPA CERCLA TAG group). Thank you for your assistance in this matter.

Sincerely,

*Paula Elofson-Gardine*

Paula Elofson-Gardine
